DETAILED ACTION

Response to Arguments

1. Applicant's arguments with respect to claims 25-36 and 38-46 have been considered but are moot in view of the new ground of rejection.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
3. Claim 38 recites the limitation "said specific network address" in line 6. There is insufficient antecedent basis for this limitation in the claim. It is unclear if this "said specific network address" is the "first specific network address" referenced in lines 3 and 8, respectively.

Allowable Subject Matter

Claims 16,25-36 are allowed.
